

COURSE OUTLINE

ENS120 Introduction to Environmental Management

Course Coordinator: Gabriel Conroy (gconroy@usc.edu.au) **School:** School of Science, Technology and Engineering

2021 | Semester 1

USC Sunshine Coast
USC Moreton Bay

ON CAMPUS

Most of your course is on campus but you may be able to do some components of this course online.

Please go to the USC website for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

Environmental managers are at the centre of global efforts to minimise human impacts on the environment and use resources sustainably. In this course you will investigate the complex relationships between economic, social and environmental systems and learn how local actions can have global effects. You will recognise the importance of preserving biodiversity and that healthy ecosystems are the foundation of economic and societal well-being. You will also become familiar with environmental and natural resource management objectives at different scales and in different sectors and the management practices relevant to achieving them.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
ON CAMPUS			
Tutorial/Workshop	2hrs	Week 1	13 times
Fieldwork	4hrs	Not applicable	4 times

1.3. Course Topics

- Global environmental trends and issues
- Complexity and wicked problems
- Environmental and sustainable development objectives
- Overview of environmental management assessment
- Production, consumption, urbanisation and extractive industries
- Managing biodiversity; pest and weed management
- Soil, sediment, air and water – environmental degradation
- Systems based approaches
- Desktop analysis to delineate site characteristics

2. What level is this course?

100 Level (Introductory)

Engaging with discipline knowledge and skills at foundational level, broad application of knowledge and skills in familiar contexts and with support. Limited or no prerequisites. Normally, associated with the first full-time study year of an undergraduate program.

3. What is the unit value of this course?

12 units

4. How does this course contribute to my learning?

COURSE LEARNING OUTCOMES		GRADUATE QUALITIES
On successful completion of this course, you should be able to...		Completing these tasks successfully will contribute to you becoming...
1	Analyse problems in the context of both local and global influences using systems-based logic and interdisciplinary approaches.	Sustainability-focussed
2	Recognise the importance of natural and cultural assets, biodiversity and ecosystem services as the foundation of economic and societal well-being.	Sustainability-focussed
3	Articulate key environmental and natural resource management objectives at different scales and in different sectors and explain the policies, practices, management systems and legislation relevant to achieving them.	Knowledgeable Creative and critical thinker

5. Am I eligible to enrol in this course?

Refer to the [USC Glossary of terms](#) for definitions of “pre-requisites, co-requisites and anti-requisites”.

5.1. Pre-requisites

Not applicable

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

Not applicable

5.4. Specific assumed prior knowledge and skills (where applicable)

Not applicable

6. How am I going to be assessed?

6.1. Grading Scale

Standard Grading (GRD)

High Distinction (HD), Distinction (DN), Credit (CR), Pass (PS), Fail (FL).

6.2. Details of early feedback on progress

In week 3, a draft of your Task 1 poster will be reviewed in the Lectorial

6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WEIGHTING %	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Artefact - Creative	Group	20%	Equivalent to 1000 words	Week 4	In Class
All	2	Written Piece	Individual	40%	1500 words	Week 10	Online Assignment Submission with plagiarism check
All	3	Written Piece	Individual	40%	2000 words	Refer to Format	Online Assignment Submission with plagiarism check

All - Assessment Task 1: Systems analysis

GOAL:	This task is designed to give you a big picture understanding of the relationship between human and environmental systems.	
PRODUCT:	Artefact - Creative	
FORMAT:	The systems diagram can be produced in Prezi or a similar application or designed as an A0 sized poster. See Blackboard for more information and examples. Equivalent to 1000 words.	
CRITERIA:	No.	Learning Outcome assessed
	1	Depth of analysis including local and global impacts across environmental, social and economic domains
	2	Scope of linkages identified between human and natural systems
	3	Identification of feedback effects
	4	Inclusion of relevant sectors and their systems influence
	5	Format and presentation
	6	Quality of data and references used
	7	Assessment criteria are mapped to the course learning outcomes. 1 2 3

All - Assessment Task 2: Environmental management report

GOAL:	You will investigate the impacts of an environmental management issue of your choice, describe the issues and influences and set out the elements of an environmental management framework.	
PRODUCT:	Written Piece	
FORMAT:	Technical report with images, figures and tables. 1500 words	
CRITERIA:	No.	Learning Outcome assessed
	1	Identification and analysis of issues and influences across environmental, social and economic domains
	2	Description of environmental management objectives at different scales
	3	Scope and depth of policies and practices identified relevant to achieving them
	4	Format and presentation
	5	Quality of references used

All - Assessment Task 3: Portfolio of site investigations

GOAL:	Through visits to local sites you will explore environmental and natural resource management objectives at different scales and in different sectors and explain the policies, practices, management systems and legislation relevant to achieving them.	
PRODUCT:	Written Piece	
FORMAT:	Report template provided – 3A: Site investigation 1 report (Linked to Field Trip 1); 3B: Portfolio of two site investigations (Linked to two of Field Trips 2, 3 & 4) Submit: 3A week 7 (10%), 3B week 13 (30%)	

CRITERIA:	No.	Learning Outcome assessed
	1	Identification of site attributes
	2	Description of environmental management objectives
	3	Description of environmental management systems and processes and appraisal of their efficacy
	4	Quality of images, data and figures

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Directed study hours may vary by location. Student workload is calculated at 12.5 learning hours per one unit.

7.1. Schedule

PERIOD AND TOPIC	ACTIVITIES
n/a	n/a

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Blackboard site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

There are no required/recommended resources for this course.

8.2. Specific requirements

None

9. How are risks managed in this course?

Risk assessments have been performed for all field activities and low to moderate levels of health and safety risk exists. Moderate risks may include working in an Australian bush setting, working with people, working outside normal office hours for example. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Blackboard, are electronically checked through SafeAssign. This software allows for text comparisons to be made between your submitted assessment item and all other work that SafeAssign has access to.

10.2. Assessment: Additional Requirements

Eligibility for Supplementary Assessment

Your eligibility for supplementary assessment in a course is dependent of the following conditions applying:

The final mark is in the percentage range 47% to 49.4%

The course is graded using the Standard Grading scale

You have not failed an assessment task in the course due to academic misconduct

10.3. Assessment: Submission penalties

Late submission of assessment tasks may be penalised at the following maximum rate:

- 5% (of the assessment task's identified value) per day for the first two days from the date identified as the due date for the assessment task.

- 10% (of the assessment task's identified value) for the third day - 20% (of the assessment task's identified value) for the fourth day and subsequent days up to and including seven days from the date identified as the due date for the assessment task.

- A result of zero is awarded for an assessment task submitted after seven days from the date identified as the due date for the assessment task. Weekdays and weekends are included in the calculation of days late. To request an extension you must contact your course coordinator to negotiate an outcome.

10.4. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the [Learning Advisers](#) web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or studentcentral@usc.edu.au.

10.5. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to [Student Hub](#), email studentwellbeing@usc.edu.au or call 07 5430 1226.

10.6. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, [AccessAbility Services](#) can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to [Student Hub](#), email AccessAbility@usc.edu.au or call 07 5430 2890.

10.7. Links to relevant University policy and procedures

For more information on Academic Learning & Teaching categories including:

- Assessment: Courses and Coursework Programs
- Review of Assessment and Final Grades
- Supplementary Assessment
- Administration of Central Examinations
- Deferred Examinations
- Student Academic Misconduct
- Students with a Disability

Visit the USC website: <http://www.usc.edu.au/explore/policies-and-procedures#academic-learning-and-teaching>

10.8. General Enquiries

In person:

- **USC Sunshine Coast** - Student Central, Ground Floor, Building C, 90 Sippy Downs Drive, Sippy Downs
- **USC Moreton Bay** - Service Centre, Ground Floor, Foundation Building, Gympie Road, Petrie
- **USC SouthBank** - Student Central, Building A4 (SW1), 52 Merivale Street, South Brisbane
- **USC Gympie** - Student Central, 71 Cartwright Road, Gympie
- **USC Fraser Coast** - Student Central, Student Central, Building A, 161 Old Maryborough Rd, Hervey Bay
- **USC Caboolture** - Student Central, Level 1 Building J, Cnr Manley and Tallon Street, Caboolture
