

COURSE OUTLINE

SPX300

Exercise Science Professional Practicum

Course Coordinator: Michelle Small (msmall@usc.edu.au) **School:** School of Health and Behavioural Sciences

2021 | Semester 1

USC Sunshine Coast

ON CAMPUS

Most of your course is on campus but you may be able to do some components of this course online.

Please go to the USC website for up to date information on the teaching sessions and campuses where this course is usually offered.

1. What is this course about?

1.1. Description

This is a third-year course in the Bachelor of Sport & Exercise Science and Bachelor of Clinical Exercise Physiology programs. By working with healthy populations, you will demonstrate exercise science skills of exercise assessment, prescription, and delivery which are reflected in the Exercise Science Standards. Hours are completed at on-campus and off-campus sites and will directly contribute to achieving the accreditation requirement of 80 hours (exercise assessment, exercise prescription, exercise delivery) and 60 hours (any Exercise Science activities which reflect the Exercise Science standards). To facilitate completion of placement hours face-to-face lectures are usually scheduled in O-week and Week 8, and workshops are usually scheduled in O-week, Week 1 and Week 2.

1.2. How will this course be delivered?

ACTIVITY	HOURS	BEGINNING WEEK	FREQUENCY
ON CAMPUS			
Lecture – You will have one lecture in O week and one lecture in week 8.	2hrs	Orientation week	2 times
Tutorial/Workshop – You will have 6 workshops. Each workshop will run between 1 hour to 3 hours long. Some workshops may be timetabled back to back.	15hrs	Orientation week	6 times
Placement – You will attend three placements through the semester: simulated learning, the Health and Fitness (H&F) Clinic and an external industry placement. Your H&F clinic placement will run from week 1 to week 13. Your External placement may run from week 1 to week 13 but this is dependent on the external site so we ask you are available for placement from week 1 to week 13. You simulated learning placement will be offered throughout the semester between week 1 to week 13.	140hrs	Week 1	Not Yet Determined

1.3. Course Topics

You will have one lecture to introduce the course and a final lecture to discuss submission. Your workshops will be around preparing you for placement in exercise assessment, exercise prescription and exercise delivery skills and requirements. Your placement experience which occurs through semester will involve the Health and fitness program, the workshops/ simulated learning and your external placement.

2. What level is this course?

300 Level (Graduate)

Demonstrating coherence and breadth or depth of knowledge and skills. Independent application of knowledge and skills in unfamiliar contexts. Meeting professional requirements and AQF descriptors for the degree. May require pre-requisites where discipline specific introductory or developing knowledge or skills is necessary. Normally undertaken in the third or fourth full-time study year of an undergraduate program.

3. What is the unit value of this course?

12 units

4. How does this course contribute to my learning?

COURSE LEARNING OUTCOMES	GRADUATE QUALITIES
On successful completion of this course, you should be able to...	Completing these tasks successfully will contribute to you becoming...
1 Demonstrate professional skills in the provision of exercise science services in collaboration with clients	Engaged
2 Apply evidence and theory to exercise assessment, prescription and delivery, for individuals	Empowered
3 Assess and reflect on professional skills to develop personal awareness and social responsibility within the placement environment and own professional development	Empowered Ethical
4 Practice within ethical, legal and professional boundaries and demonstrates compliance with the student placement Code of conduct	Ethical
5 Demonstrate effective and appropriate skills in communicating information, advice, education and professional opinion to individuals and other health professionals	Engaged
6 Demonstrate the ability to design, implement, monitor and evaluate exercise and life-style intervention for individuals that is client-centred	Empowered

5. Am I eligible to enrol in this course?

Refer to the [USC Glossary of terms](#) for definitions of “pre-requisites, co-requisites and anti-requisites”.

5.1. Pre-requisites

(SPX121 or SPX212) and SPX221 and SPX222 and enrolled in Program SC344, or SC304. Mandatory requirements need to be submitted to SONIA for this course before you are eligible to attend a manual enrolment meeting with the Course coordinator.

5.2. Co-requisites

Not applicable

5.3. Anti-requisites

Not applicable

5.4. Specific assumed prior knowledge and skills (where applicable)

It is assumed that you will familiarise yourself with the industry peak body-Exercise and Sports Science Australia with the (ESSA) and the requirements of membership as an Exercise Scientist and Accreditation as an Exercise Physiologist and Exercise Scientist. This information can be found on the ESSA website www.essa.org.au and referring to the application guide.

6. How am I going to be assessed?

6.1. Grading Scale

Limited Grading (PNP)

Pass (PU), Fail (UF). All assessment tasks are required to be passed for successful completion of the course.

6.2. Details of early feedback on progress

In week 4 you will have a review meeting with the course coordinator to discuss your placement performance and your progress with the assessment items.

6.3. Assessment tasks

DELIVERY MODE	TASK NO.	ASSESSMENT PRODUCT	INDIVIDUAL OR GROUP	WEIGHTING %	WHAT IS THE DURATION / LENGTH?	WHEN SHOULD I SUBMIT?	WHERE SHOULD I SUBMIT IT?
All	1	Code of Conduct	Individual	0%	N/A	Refer to Format	SONIA
All	2	Placement performance	Individual	0%	N/A	Refer to Format	SONIA

All - Assessment Task 1: Code of conduct - Adherence

GOAL:	This task enables you to become familiar with and demonstrate the requisite professional behaviours captured in the Code of Conduct for your discipline and work environment		
PRODUCT:	Code of Conduct		
FORMAT:	<p>SUBMIT the Code of Conduct agreement/contract during O'Week.</p> <p>Whilst completing your 140 Exercise Science placement hours, you will be expected to abide by the disciplines code of conduct.</p> <p>The signed student agreement represents an agreement/ contract and asks you to abide by your disciplines code of conduct. Like any authentic work contract, you will be required to comply with the contract. Your Course coordinator will be available to answer any questions.</p> <p>To be eligible to pass, you are required to complete this placement satisfactorily according to the criteria below.</p> <p>- If you fail to meet the student placement code of conduct you may fail the course and can be withdrawn from the workplace immediately, as per the USC Workplace and Industry Placement procedures.</p>		
CRITERIA:	No.		Learning Outcome assessed
	1	(a) Behaviour in accordance with the discipline code of conduct, in a professional setting (ES Graduate attribute 5)	1 3 4 5 6
	2	(b) Participation in a performance review to improve professional practice (ES Graduate attribute 5)	2 3 4 5
	3	(c) Completion of allocated placement block in an approved professional organisation (ES Graduate attributes 5)	2 4 5 6
	4	Assessment criteria are mapped to the course learning outcomes.	1 2 3 4 5 6

All - Assessment Task 2: Professional Competencies

GOAL:	You will demonstrate your competency and professional standard as an Exercise Scientist. To do this you will undertake supervised work integrated learning placements and perform the tasks of an Exercise Scientist working in a professional setting. A key element of this assessment will be the collation of documents demonstrating competency development
PRODUCT:	Placement performance
FORMAT:	<p>SUBMIT:</p> <ul style="list-style-type: none">- 1. Internal placement Ax items: Week 1, 2, 3 4, 12 and study week of semester.- 2. External placement Ax items: week 1- 2, and final week of placement. <p>The SPX300 final submission meeting is a face to face meeting.</p> <p>Exercise and Sports Science Australia (ESSA) has identified a number of core skills that are fundamental to Exercise Science Standards. This assessment task captures professional skills in professional practice, exercise assessment, exercise prescription, exercise delivery and other Exercise Science Standards.</p> <p>The skills Portfolio will include the following items:</p> <ul style="list-style-type: none">a) a learning plan for each placement site completed by you and your supervisor and signed and uploaded to SONIA in week 1-2 of each placement.b) Supervisor Feedback:<ul style="list-style-type: none">-Initial supervisor feedback for each placement site completed by your supervisor, signed by you and your supervisor and uploaded by you to SONIA in week 2 of placement for all placement except the Health and Fitness program. The Health and Fitness programs initial supervisor feedback is completed by your supervisor, signed by you and your supervisor and uploaded by you to SONIA in the 4th week of placement.-final supervisor feedback for each placement site completed by your supervisor, signed by you and your supervisor and uploaded by you to SONIA during the last week of each placement.You will have a review meeting with your course coordinator through semester to discuss your progress.c) 2x Professional client files for each client at the Health and Fitness program, completed by you to standard as provided on the client file and assessment item checklist. You will have a review meeting with your course coordinator through semester to discuss your progress. Submitted by you in a submission meeting with your course coordinator during study week.d) 2x Professional practice reflections for each client at the Health and fitness program completed by you, signed by you and your supervisor and uploaded to SONIA after your initial Health and Fitness sessions in week one.e) Logbook of professional hours:<ul style="list-style-type: none">-logbook review in week 4 to review your progress.-excel logbook of Exercise Science hours for each placement site completed by you, and uploaded by you to SONIA by the Monday after each placement;-cover page of logbook uploaded to SONIA by the Monday after each placement.- excel logbook with a minimum of all 140 required Exercise Science placement hours (across all sites) completed by you and uploaded to SONIA from all placement sites by the Monday after your last placement finishes;You will have a review meeting with your course coordinator through semester to discuss your progress.f) Placement engagement reflection for each placement site completed by you, signed by you and your supervisor and uploaded by you to SONIA for the submission meeting in study weekg) SPX300 Final submission- Submission will be completed in study week. Together with your total Exercise Science 140 hours, you are required to have all assessment items ready for final grading in SONIA. You will have two checklists to follow- a quality checklist (utilized through semester) and the submission meeting checklist. You must follow these checklists to pass the course.

CRITERIA:	No.	Learning Outcome assessed
	1	Engage clients to facilitate exercise and health lifestyle management that is client centred (ES Graduate attribute 6) 1 2 4 5 6
	2	Referring on where required (ES Graduate attribute 4) 1 3 4 5
	3	Where required engage the health care team to collaboratively provide client care (ES Graduate attribute 3 and 4) 1 4 5
	4	Identifies the roles of the team (ES Graduate attribute 4) 3 4 5 6
	5	Commitment to reflective practice, professional development and lifelong learning (ES Graduate attribute 7) 3 4
	6	Applies evidence and theory to provide exercise intervention and education (ES Graduate attribute 1,2, 3, 6) 2 4 5 6
	7	Collects, Assesses and interprets relevant client information to prioritized exercise and lifestyle goals (ES Graduate attribute 2, 6). 1 2 4 6
	8	Designs, implements, monitors and evaluates exercise prescription (ES Graduate attribute 2). 1 2 4 6

7. Directed study hours

A 12-unit course will have total of 150 learning hours which will include directed study hours (including online if required), self-directed learning and completion of assessable tasks. Directed study hours may vary by location. Student workload is calculated at 12.5 learning hours per one unit.

8. What resources do I need to undertake this course?

Please note: Course information, including specific information of recommended readings, learning activities, resources, weekly readings, etc. are available on the course Blackboard site– Please log in as soon as possible.

8.1. Prescribed text(s) or course reader

There are no required/recommended resources for this course.

8.2. Specific requirements

You are required to submit mandatory requirements to be eligible enrolment in SPX300. You must submit your mandatories by September in the year prior to semester one enrolment and April before semester two commences. Mandatory information can be found on the Sport and Exercise Community page; SONIA online- select Sport & Exercise Science, and/or the USC website under Sport and Exercise Science/ Clinical Exercise Science- 'Placements' (SPX300)

The steps involved in enrolment are the following and can take some time, so you must commence this process August/ September the year prior to semester one enrolment and April before semester two commences:

1. You will need to access SONIA Online
 2. Register your interest in SPX300
 3. Complete your pre-enrolment Mandatory Requirements
- Follow the prompts to the Mandatory Buttons for Blue Card, CPR and First Aid so you are eligible for an enrolment meeting. Please note your Student Placement Agreement and PrePlace will not be available to complete until after you have been enrolled.
4. Once all the required course mandatories are uploaded to SONIA, email shssplacements@usc.edu.au to confirm your eligibility to enrol into SPX300
 5. If you are eligible you will receive an email asking you to select a group meeting time to finalise your enrolment

Assessment Criteria

You will receive whole class generic guidelines on the structure and content of your assessment items including your log books. They will be consistent with the standards required for submission to Exercise and Sport Science Australia (ESSA) and the university. You will be required hold your logbook to this standard whilst on placement. This will also be discussed further in your first lecture.

9. How are risks managed in this course?

Health and safety risks for this course have been assessed as low. It is your responsibility to review course material, search online, discuss with lecturers and peers and understand the health and safety risks associated with your specific course of study and to familiarise yourself with the University's general health and safety principles by reviewing the [online induction training for students](#), and following the instructions of the University staff.

10. What administrative information is relevant to this course?

10.1. Assessment: Academic Integrity

Academic integrity is the ethical standard of university participation. It ensures that students graduate as a result of proving they are competent in their discipline. This is integral in maintaining the value of academic qualifications. Each industry has expectations and standards of the skills and knowledge within that discipline and these are reflected in assessment.

Academic integrity means that you do not engage in any activity that is considered to be academic fraud; including plagiarism, collusion or outsourcing any part of any assessment item to any other person. You are expected to be honest and ethical by completing all work yourself and indicating in your work which ideas and information were developed by you and which were taken from others. You cannot provide your assessment work to others. You are also expected to provide evidence of wide and critical reading, usually by using appropriate academic references.

In order to minimise incidents of academic fraud, this course may require that some of its assessment tasks, when submitted to Blackboard, are electronically checked through SafeAssign. This software allows for text comparisons to be made between your submitted assessment item and all other work that SafeAssign has access to.

10.2. Assessment: Additional Requirements

Limited Graded Course:

This course will be graded as Pass in a Limited Grade Course (PU) or Fail in a Limited Grade Course (UF) as per clause 4.1.3 and 4.1.4 of the Grades and Grade Point Average (GPA) - Institutional Operating Policy of the USC.

In a course eligible to use Limited Grades, all assessment items in that course are marked on a Pass/Fail basis and all assessment tasks are required to be passed for a student to successfully complete the course. Supplementary assessment is not available in courses using Limited Grades.

10.3. Assessment: Submission penalties

You must contact your Course Coordinator and provide the required documentation if you require an extension or alternate assessment.

10.4. Study help

For help with course-specific advice, for example what information to include in your assessment, you should first contact your tutor, then your course coordinator, if needed.

If you require additional assistance, the Learning Advisers are trained professionals who are ready to help you develop a wide range of academic skills. Visit the [Learning Advisers](#) web page for more information, or contact Student Central for further assistance: +61 7 5430 2890 or studentcentral@usc.edu.au.

10.5. Wellbeing Services

Student Wellbeing provide free and confidential counselling on a wide range of personal, academic, social and psychological matters, to foster positive mental health and wellbeing for your academic success.

To book a confidential appointment go to [Student Hub](#), email studentwellbeing@usc.edu.au or call 07 5430 1226.

10.6. AccessAbility Services

Ability Advisers ensure equal access to all aspects of university life. If your studies are affected by a disability, learning disorder mental health issue, injury or illness, or you are a primary carer for someone with a disability or who is considered frail and aged, [AccessAbility Services](#) can provide access to appropriate reasonable adjustments and practical advice about the support and facilities available to you throughout the University.

To book a confidential appointment go to [Student Hub](#), email AccessAbility@usc.edu.au or call 07 5430 2890.

10.7. Links to relevant University policy and procedures
