

Keep businesses
safe by understanding

crime trends

Bachelor of Business / Bachelor of Criminology and Justice

Learn how to safeguard businesses by understanding crime and crime trends, with a practical double degree that combines business with criminology and justice. You'll study the legal and criminal justice systems, and how to develop fair and effective methods for crime prevention. You'll also build strong analytic and problem-solving skills – essential for both business and crime prevention, to ensure you remain in front of emerging trends such as cyber scams and fraud.

In this program you will:

- Gain a strong foundation in the fundamentals of modern business, including economics, management, marketing, international trade business law, corporate governance and social responsibility
- Develop strong analytical skills to interpret trends relating to crime or business
- Understand the role of the justice system
- Examine policies that impact policing, courts, corrections and allied agencies
- Have the chance to complete a professional placement in your final year in the field of criminology and justice
