

# Bachelor of / Bachelor of Engineering (Civil) (Honours) / Environmental Science

LOCATION	ENTRY THRESHOLD	QTAC CODE	START
Sunshine Coast	60.00	013751	Semester 1, Semester 2
Moreton Bay	60.00	014751	Semester 1, Semester 2

Manage human interaction with the environment. Gain a broad foundation in civil engineering and environmental sciences, and learn how to design systems that anticipate and manage the way humans interact with the environment. During the program, you'll build expertise in areas including environmental management, planning and restoration, managed ecosystems and marine science.

In this program you will:

- Learn about the creative nature of engineering
- Develop skills in problem-solving, teamwork and communication
- Gain technical, business management and scientific environmental knowledge
- Graduate with the scientific skills needed to make judgements on the conservation and use of Australia's natural ecosystems and resources
- Complete more than 60 days of work experience

#### Career opportunities

- Government agencies
- Construction companies
- Engineering consultancies
- Building industry
- Water supply authorities
- Mining industry
- Research organisations
- Parks and wildlife
- Resource management
- Environmental consultancies

#### Post admission requirements

Students must complete 60 days of suitable field experience.

#### Duration

5 years

Full-time or equivalent part-time

#### Indicative 2024 fees

A\$8,140 - 2025 Fees (CSP)

Fees are indicative only and will change based on courses selected and are subject to yearly increases

#### Prerequisites

English (Units 3 and 4, C)

#### Recommended prior study

Maths Methods and/or Specialist Maths; and Physics or Chemistry

#### Delivery mode

Blended Learning

#### Total courses

40

#### Total units

480

#### UniSC program code

SC425

## Program structure

Introductory courses (11) 132 units

ENG101 Professional Engineering

ENG102

ENG103 Introduction to the Internet of Things

ENG104 Foundations of Engineering Design

ENS103 Earth's Surface Processes

[usc.edu.au/sc425](https://usc.edu.au/sc425)

University of the Sunshine Coast | CRICOS Provider Number: 01595D | Correct as at 22 January 2025

Study options and teaching period of offer can vary depending on the study location. For full details, visit [usc.edu.au](https://usc.edu.au).

MTH103 Introduction to Applied Mathematics  
MTH104 Introductory Calculus  
SCI102 Biodiversity and Ecology  
SCI105 Introductory Chemistry  
SCI107 Physics  
SCI110 Science Research Methods

Developing courses (13) 156 units

CIV200 Structural Analysis  
CIV201 Geotechnical Engineering  
ENS221 Plant Diversity and Ecology  
ENS222 Terrestrial Vertebrate Diversity and Ecology  
ENS224 Soil Properties, Processes and Rehabilitation  
ENS242 Weather and Climate  
ENS253 Geographic Information Science and Technology  
MEC200 Thermodynamics  
MEC221 Mechanics of Materials  
MEC225  
MTH201 Calculus II and Linear Algebra  
MTH203 Numerical Analysis

PLUS 1 course from the following:

ANM203 Statistics with Teeth: Understanding Ecological Data  
SCI202 Advanced Research Methods and Statistics

Graduate courses (15) 180 units

CIV300 Structural Design  
CIV301 Road and Traffic Engineering  
CIV330  
CIV340  
CIV400  
CIV401 Sustainable Transport Systems  
CIV404  
CIV451  
ENG302 Engineering Project Management  
ENG304 Engineering Research Methodology  
ENG401 Engineering Project 1  
ENG402 Engineering Project 2  
ENS321 Restoration Ecology  
ENS325 Population Ecology and Genetics  
GEO302 Coastal Geomorphology

Elective course (1) 12 units

Select 1 elective course (12 units) from the undergraduate elective course options.

Honours

The Bachelor of Engineering (Civil) (Honours) may be awarded with Honours. The class of Honours to be awarded to a student is dependent upon:

- the percentage results achieved by study or transfer in eleven courses (132 units) as specified in the table below;

and

- the student achieving at least 65% in ENG402 Engineering Research Project 2.

## COURSES

---

CIV201 Geotechnical Engineering

CIV300 Structural Design

[usc.edu.au/sc425](http://usc.edu.au/sc425)

University of the Sunshine Coast | CRICOS Provider Number: 01595D | Correct as at 22 January 2025  
Study options and teaching period of offer can vary depending on the study location. For full details, visit [usc.edu.au](http://usc.edu.au).

ENG302 Engineering Project Management  
CIV301 Road and Traffic Engineering  
ENG304 Engineering Research Methodology  
ENG401 Engineering Project 1  
ENG402 Engineering Project 2  
CIV404  
CIV400  
CIV451  
CIV401 Sustainable Transport Systems  
MTH203 Numerical Analysis

---

A student must complete a minimum of 8 courses (96 units) in the table and the research project for an honours grade to be awarded.

The minimum levels of achievement normally required for each class of honours are shown in the following table:

HONOURS RESULTS CLASSIFICATION	OVERALL PERCENTAGE ATTAINED IN SPECIFIED COURSES*
Honours Class I	80% - 100%
Honours Class IIA	70% - 79%
Honours Class IIB	60% - 69%

\*The percentage result shall be rounded up if  $\geq 0.5$  or rounded down if  $< 0.5$ .

Note: Program structures are subject to change. Not all UniSC courses are available on every UniSC campus.
