

Begin your scientific **research** journey

Bachelor of Science (Honours)

This is an ideal pathway to higher degree research such as the Master of Science or PhD. This program gives you the opportunity to research an area you're passionate about.

Develop advanced analytical, interpretative and communication skills as you carry out your scientific research project. You'll build your research skills with the support of a Research supervisor with relevant research interests and expertise in your chosen area.

You'll learn practical scientific skills and gain hands-on experience in our fully equipped laboratories. There are excellent opportunities to further your studies and undertake rewarding research to make a real difference in our world.

Specialisations

Biomedical science; biotechnology; coastal studies; environmental science; food science; health promotion; nursing; nutrition; paramedic science; sport and exercise science; sustainability.

Admission requirements

Students must have completed a Bachelor of Science (AQF Level 7) or a related degree from a recognised higher education institution. A high level of achievement in the intended area of study must be demonstrated, and a grade point average of 5 or higher achieved across second and third year level courses that have been undertaken. These are minimum requirements and do not guarantee entry. Importantly, enrolment is contingent upon the School's capacity to provide appropriate supervision in the intended field of research.

Career opportunities

Opportunities in academia, government and corporate arenas. Depending on the research area selected: waste and pollution management, medical and health research, ecological / biodiversity research, environmental management, sport and exercise research, biotechnology, community health.

LOCATIONS

Sunshine Coast
Moreton Bay

QTAC CODE

Direct
From 2022

DURATION

1 year full time or equivalent part time

COMMENCE

Semester 1 or Semester 2

PREREQUISITES

Completion of an approved undergraduate degree. Entry requirements apply

SCHOLARSHIPS

Scholarships can give you money and other financial support to help you while you study. Find out more at usc.edu.au/scholarships.
