

Bachelor of Sport and Exercise Science

Moreton Bay, Semester 2 2024

Program structure

Introductory courses (8) 96 units

HLT140 Think Health
LFS112 Human Physiology
LFS122 Human Anatomy
SCI110 Science Research Methods
SPX100 Physical Activity and Health
SPX101 Introduction to Sport and Exercise Science
SPX102 Introduction to Coaching Science
SPX121 Exercise Prescription and Programming I

Developing courses (7) 84 units

SPX201 Functional Anatomy
SPX202 Biomechanics I
SPX203 Exercise Prescription and Programming II
SPX211 Exercise Physiology I
SPX221 Sports and Exercise Medicine
SPX222 Sport and Exercise Psychology
SPX231 Motor Control and Learning

Graduate courses (7) 84 units

NUT300 Nutrition for Health and Exercise
SPX300 Exercise Science Professional Practicum
SPX312 Performance Enhancement
SPX322 Biomechanics II
SPX331 Exercise Physiology II
SPX340 Professional Placement in Sport and Exercise Science
SPX371 Advanced Coaching Science

Elective course (2) 24 units

Select 2 elective course (24 units) from the undergraduate elective course options.

Note: Program structures are subject to change. Not all UniSC courses are available on every UniSC campus.

Total units: 288

Study sequence

This Bachelor of Sport and Exercise Science recommended study sequence is for students commencing in the current semester.

usc.edu.au/sc344

University of the Sunshine Coast | CRICOS Provider Number: 01595D | Correct as at 28 April 2024
Study options and teaching period of offer can vary depending on the study location. For full details, visit usc.edu.au.

Year 1

Semester 2

COURSE	SEMESTER OF OFFER (MORETON BAY)	UNITS	REQUISITES
LFS112 Human Physiology	• Semester 2	12	Anti: LFS201 or LFS202 or LFS203
LFS122 Human Anatomy	• Semester 2	12	
SPX102 Introduction to Coaching Science	• Semester 2	12	Anti: SPX321
SPX121 Exercise Prescription and Programming I	• Semester 2	12	Pre: Enrolled in Program AB101, SC304, SC344, SC347, SC110 Anti: SPX212

Semester 1

COURSE	SEMESTER OF OFFER (MORETON BAY)	UNITS	REQUISITES
HLT140 Think Health	• Semester 1	12	
SPX100 Physical Activity and Health	• Semester 1	12	
SPX101 Introduction to Sport and Exercise Science	• Semester 1	12	
SCI110 Science Research Methods	• Semester 1, Semester 2	12	Anti: SCI201 or CPH261

Year 2

Semester 2

COURSE	SEMESTER OF OFFER (MORETON BAY)	UNITS	REQUISITES
SPX202 Biomechanics I	• Semester 2	12	Pre: LFS122
SPX211 Exercise Physiology I	• Semester 2	12	Pre: LFS112 or SPX103
SPX222 Sport and Exercise Psychology	• Semester 2	12	Pre: PSY100 or PUB104 or SPX101 or SPX102

*A maximum of 2 elective courses (24 units) allowed within program

Program requirements and notes

In order to graduate you must:

- Successfully complete 288 units as outlined in the Program Structure

usc.edu.au/sc344

University of the Sunshine Coast | CRICOS Provider Number: 01595D | Correct as at 28 April 2024

Study options and teaching period of offer can vary depending on the study location. For full details, visit usc.edu.au.

Program notes

- Completing this program within the specified (full-time) duration is based on studying 48 unit points per semester (normally 4 courses) and following the recommended study sequence
- The unit value of all courses is 12 units unless otherwise specified
- It is each student's responsibility to enrol correctly according to your course requisites, program rules and requirements and be aware of the academic calendar dates
- Courses within this program are assessed using a variety of assessment methods including essays, seminar presentations, reports, in-class tests and examinations. Not all courses will necessarily include all methods
- Only a full-time study option is available to international students on a Student Visa
- As part of your UniSC program, you may apply to Study Overseas to undertake courses with an overseas higher education provider. Students in this program should be aware there are restrictions applicable to credit transfer in order to obtain ESSA membership
- Refer to the Managing your progression page for help in understanding your program structure, reviewing your progress and planning remaining courses.

WIL notes

- It is a Queensland Government requirement that students undertaking a placement within a clinical setting are fit tested annually for an approved respirator. Clinical settings include hospitals, residential aged care facilities, residential disability care facilities, prison health services, youth detention health services, community health care settings, and vaccination clinics). If the Fit Testing requirement applies to placement activity within your Program it will appear in your mandatory checks on Sonia Online. In accordance with Australian Standards, you must be clean shaven for your fit test. Facial hair that lies along the sealing surface of a tight-fitting respirator prevents an effective seal. Therefore, it is a requirement that there is no hair growth between the skin and the facepiece sealing surface in order to achieve a fit. At this stage, there is no exemption in Queensland to this requirement for religious or other reasons and UniSC is unable to waive this requirement.
- *It is no longer a requirement that students in Bachelor of Sport and Exercise Science are fully vaccinated against COVID-19.*

Please note that some placement host organisations have chosen to continue requiring COVID-19 vaccination. If you are not fully vaccinated, it is important to know that placement opportunities in your program may be limited and may result in a delay to your placement.

UniSC still strongly recommends that all students undertaking placement are fully vaccinated and provide evidence of this vaccination status to the University.

- *For more information on mandatory requirements refer to Sport and Exercise Science/Clinical Exercise Science - Placements*
