

Take your next **step** as a creative professional

Master of Creative Arts

Develop specific knowledge and skills about the emerging creative industries. This program challenges your intellectual capacities through critical, analytical, lateral and creative thinking.

You will research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis. The exegesis will be a scholarly work that explains how your creative work contributes to knowledge and understanding in your creative tradition.

Choose from research options in following areas:

- Creative writing
- Art and digital design
- Interactive technologies and games

Admission requirements

To be eligible for admission to Master of Creative Arts candidature, applicants are normally required to hold a bachelor degree with at least Honours Class 2 Division II from a recognised higher education institution.

Applicants who have completed a bachelor degree and have achieved by subsequent work and study a standard equivalent to at least Honours Class 2 Division II may also be considered.

In exceptional cases, applications may be considered on the basis of other evidence of general and professional qualifications as approved by the Research Degree Committee.

International students need to refer to the University's English language requirements.

Admission is subject to availability of appropriate supervision and facilities.
